***From Nigel Risner,
Speaker of the Year 2001-2010,
CEO #1 Choice***

Dear Alyona and KA Group Team,

“Having worked with the KA Group over the last three years we have found them not only professional, supportive and energetic but most importantly a pleasure to work with.

As a speaker who travels all over the world finding such companies is rare. Alyona and her team have always been most professional in their dealings with us and each year one of our highlights is getting an email from them asking us to speak at one of their events. If only all our clients could be like the KA GROUP.

The calibre of participants and the companies who attend makes it even more of an attraction for us.

Kind regards,

nigel risner
